

## **HOPE FOR HOUNDS COLLARS**

### **SEGA FUNDRAISER TO BENEFIT SEGA HOUNDS AND THE GREYHOUND HEALTH AND WELFARE PROGRAM AT OHIO STATE UNIVERSITY (OSU)**

#### **What Does the Greyhound Health and Wellness Program Do?**

- Clinical research on spontaneous diseases of Greyhounds
- Free chemotherapy for former racers with cancer
- Financial assistance for medical and surgical care of Greyhounds at the [OSU Veterinary Hospital](#)
- Spay, neuter, and dental clinic for former racers
- Free email consultation for Greyhound owners and veterinarians
- A [website](#) with current Greyhound health information
- Educational programs for Greyhound owners and veterinarians

Too many of our hounds develop osteosarcoma or other diseases that can be fatal and cause us to lose our hounds much too soon. These hounds fight bravely with dignity and courage and break our hearts when they leave us. The 2009 Hope for Hounds collars, designed by 2Hounds Designs, honors these wonderful Greyhounds that are afflicted with these terrible diseases. The sale of these collars will benefit the Greyhound Health and Wellness Program and Greyhound cancer research under the direction of Guillermo Couto, DVM, at The OSU College of Veterinary Medicine, and Southeastern Greyhound Adoption.

The Greyhounds displayed on each collar represent and remind us of our own Greyhounds, past and present. For some, it is the hound currently on our couch. For others, it is the hound(s) that has left us, waiting for us at the Rainbow Bridge, whole and healthy once again.
